*Artistic Director*

*Complimentary*  
***Windshield Decals***

These lovely complimentary decals are available upon request to all my students to encourage them to work hard and have fun this year in class, as well as to allow them to show their "dance school spirit" in their travels! Please encourage your child's progress with pride in her activity by requesting a decal and placing it on your car's rear windshield (left, right, or center).

DIRECTIONS FOR DECAL APPLICATION (goes on outside):

1. Make sure windshield is clean and dry before applying.
2. Peel off ½ of decal and, using pressure, smooth down this half with some sort of straight edge (such as a "squeegee" or credit card) in an up & down motion several times.
3. Peel off the other ½ of decal and repeat same smoothing technique.

\* If you "mess up", remove sticker and then remove excess glue from your windshield with rubbing alcohol. If you need a replacement, or you'd like extras for other cars in your family, please let me know, and I'll provide them at no cost.

Yours truly,

*Karyn Simon-Poland*

Please complete and return to your instructor as soon as possible:

Yes, we'd like a complimentary Woodlands Civic Ballet decal for our car.
